### Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

### Step-1: Team Gathering, Collaboration and Select the Problem Statement

#### Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

#### Before you collaborate

Our team gathered to discuss common problems faced by vehicle buyers and sellers. We observed that users struggle to compare vehicles, car details and specifications, and find reliable reviews in one place. We decided to focus on a smart vehicle expert solution.

10 minutes

- Know your problem: Define what problem you're solving and what you want. Does it need information or do you need a tool?
- Set the goal: Think about the problem you're trying to solve or trying to fix. What's the goal?
- Know how to use the facilitation tool: Check the facilitation tool to see if it's helpful and what you need to know.
